PERIODICALS LIST - 2007

Dear friends,

This is the ninth edition of the periodicals list of the Australian Lesbian & Gay Archives, and includes all periodicals held in the collection as at 31 December 2006.

Periodicals form a significant part of the total Archives collection and are in great demand by users of the Archives. The collection now consists of about 930 separate titles and in excess of 21,000 items. For the first time we are indicating newly listed titles with *, of which there are 117.

** indicates new titles added in versions 4 and 5 of the list.

To facilitate easier use, and help preserve the collection, we bind many of the most commonly used periodicals for which we have complete sets. At 31 Dec 2006 there were 451 bound volumes in the collection compared with 347 when we published our last periodicals list (to December 2003). The cost of binding is significant and represents a total investment in excess of \$22,000.

We invite readers to contact us if they are aware of inaccuracies either in the dates or bibliographical information – either by email to algarchives@hotmail.com or by mailing the comment sheet at the end of the list. In particular, we would welcome clarification of commencement/cessation dates of publication (indicated by ? where unknown).

Also, if you are able to help fill evident gaps in the collection by donating material not already held, that too would be most appreciated. On the next two pages are lists of missing issues in otherwise complete series. For the first time we are also listing missing issues in ALGA's unbound duplicate sets. ALGA keeps duplicates of some of the major publications, partly as a disaster recovery measure and also to enable off-site indexing by our volunteers and for ease of scanning.

In 2008 the Archives celebrated its 30th birthday ... which seems a good time to say thank you to the many people around Australia who have contributed time, energy and material to the building of ALGA's collection. The Archives is an all-volunteer enterprise, our funding comes entirely from membership and donations and the occasional fund-raiser. We don't have an acquisitions budget, so a warm thanks to all those individuals and groups who have sent us complimentary copies of their publications over the years. It is no exaggeration to say that without your support, the collection simply would not exist.

Graham Carbery
Periodicals Secretary
