Bicycle Victoria describes the function of a BUG (Bicycle User Group) as being a group of local cyclists who enjoy bicycle riding for recreation and travel. The best thing about "BUGs" is the people — motivated, enthusiastic, fun loving people of all shapes and sizes banded together for a common cause — bicycles!

They like to promote the many types of cycling, as well as encouraging local councils to provide more space on roads, safe and convenient paths and secure bicycle parking. BUG members believe that riding a bicycle is healthy, non-polluting and great fun!
