

TARRA-BULGA NATIONAL PARK

MOSES AND LIVERWORTS

Initial species recording by Mrs K Healey (1960's)

List compiled by Mr A Thies (1997)

BRYOPSIDA (MOSES)**AULACOMNIACEAE**

Leptotheca gaudichaudii

BARTRAMIACEAE

Breutelia affinis
 Philonotis scabrifolia
 Philonotis tenuis

BRACHYTHECIACEAE

Brachythecium albicans
 Brachythecium salebrosum
 Eurhynchium muriculatum

BRYACEAE

Bryum argenteum
 Bryum billardierei
 Miehlichoferia bryoides

DICRANACEAE

Campylopus introflexus
 Dicraniloma dicarpum
 Dicranoloma menziesii
 Leucobryum candidum

DITRICHACEAE

Ditrichum difficile

ECHINODIACEAE

Echinodium hispidum

FISSIDENTACEAE

Fissidens asplenioides
 Fissidens dealbatus
 Fissidens leptocladus
 Fissidens oblongifolius
 Fissidens pallidus
 Fissidens pungens
 Fissidens rigidulus

HOOKERIAEAE

Achrophyllum dentatum
 Distichophyllum microcarpum
 Eriopus apiculatus
 Sauloma tenella

HYPNACEAE

Hypnum cupressiforme

HYPNODENDRACEAE

Hypnodendron spininervium
 Hypnodendron vitiense

HYOPTERYGIACEAE

Cyathophorum bulbosum
 Lopidium concinnum

LEMBOPHYLLACEAE

Camptochaete deflexa
 Lembophyllum divulgum

METEORACEAE

Papillaria flavolimbata
 Weymouthia cochlearifolia
 Weymouthia mollis

MITTENIACEAE

Mittenia plumula

NECKERACEAE

Thamnobryum pumilum

ORTHOTRICHACEAE

Orthotrichum tasmanicum
 Zygodon intermedius

PLAGIOTHACACEAE

Catagonium nitens
 Plagiothecium denticulatum

POLYTRICHACEAE

Atrichum androgynum
 Pogonatum subulatum
 Polytrichum commune
 Polytrichum juniperinum

POTTIACEAE

Calyptopogon mnioides

PTEROBRYACEAE

Trachyloma planifolium

PTYCHOMNIACEAE

Glyphothecium sciuroides
 Ptychomnion aciculare

BRYOPSIDA (MOSESSES) Continued:**RACOPILACEAE**

Racopilum convolutaceum

RHIZOGONIACEAE

Goniobryum subbasilare

Hymenodon pilifer

Rhizogonium distichum

Rhizogonium mnioides

SEMATOPHYLLACEAE

Sematophyllum ?leucocytus

Wijkia extenuata

THUIDIACEAE

Thuidium furfurosum

Thuidium laeviusculum

HEPATICAЕ (LIVERWORTS)**ACROBOLBACEAE**

Tylimanthus diversifolius

Tylimanthus saccatus/pseudosaccatus

ANEURACEAE

Aneura alterniloba

Riccardia bipinnatifida

AYTONIACEAE

Megaceros gracilis

BALANTIOPSISACEAE

Balantiopsis diplophylla

Isotachis intortifolia

FRULLANIACEAE

Frullania clavata

Frullania falciloba

Frullania pentapleura

Frullania rostrata

HEPATICAЕ (LIVERWORTS) Continued:**GEOCALYCAEAE**

Chiloscyphus coalitus

Chiloscyphus echinellus

Chiloscyphus fissistipus

Chiloscyphus triacanthus

Lophocolea bidentata

HYMENOPHYTACEAE

Hymenophyton flabellatum

LEJEUNEACEAE

Lejeunea drummondii

LEPIDOLANACEAE

Gackstroemia weindorferi

LEPIDOZIACEA

Acromastigum colensoanum

Bazzania involuta

Bazzania monilinervis

Drucella integristipula

Kurzia cucullifolia

Lepidozia glaucophylla

Lepidozia laevifolia

Lepidozia ulothrix

Telaranea centipes

Telaranea dispar

Zoopsis Telaranea

argentea leitgebiana

Zoopsis leitgebiana

MARCHANTIACEAE

Lunularia cruciata

METZGERIACEAE

Metzgeria decipiens

Metzgeria furcata

PALLAVICINIACEAE

Podomitrium phyllanthos

PLAGIOCHILACEAE

Plagiochila fasciculata

Plagiochila strombifolia

RADULACEAE

Radula buccinifera

SCHISTOCHILACEAE

Schistochila lehmanniana

TRICHOCOLACEAE

Trichocolea mollissima
