# Behind the Scenes Tour Public Record Office Victoria

Thursday 19<sup>th</sup> July 2001 4:30pm to 6:30pm

Public Record Office

99 Shiel Street, North Melbourne

Access to Car Park from Macaulay Street, or park in Shiel Street.

The Public Record Office is the primary secure archive for records related to state and municipal government in Victoria. Its holdings include construction and maintenance records related to all the public works departments, including lands, surveys, roads, bridges, railways, mining, gas, electricity, water supply, irrigation, ports and public buildings dating from Colonial Victoria.

The prime purposes of this visit are:

- to provide the opportunity to see behind the scenes at the new Archives in North Melbourne,
- to raise awareness of the range of holdings of the PROV related to Engineering and Engineers: reports, contract books, contract plans, photographs, etc.
- to raise awareness of the need for indexing projects, microfiching projects, scanning projects, and so on, that would facilitate access to the holdings for researchers.
- to raise awareness of ways that the Institution of Engineers Australia and its members could contribute to such projects.

**Numbers are strictly limited, so book early.**

We must vacate the building and the car park by 7pm. Please avoid bringing brief cases or bags.

<b>COST:</b>	<b>Free</b>
<b>FURTHER DETAILS:</b>	<b>Ken McInnes</b> 9870 2541
<b>REGISTRATION:</b> <i>Essential as numbers are strictly limited</i>	<b>Fax: 9870-2541</b> or <b>email:</b> <a href="mailto:kmcinnes@alphalink.com.au">kmcinnes@alphalink.com.au</a> by <b>18<sup>th</sup> July</b> or earlier
<b>When:</b> 4:30pm to 6:30pm, Thursday 19 <sup>th</sup> July 2001
