Dear Neville,

**RE: Appreciation of Volunteer Contribution to the Alinytjara Wilurara Region**

On behalf of the Alinytjara Wilurara Natural Resources Management (AWNRM) Board I would like to sincerely thank the Friends of the Great Victoria Desert Parks group for all of the hard work, time and resources that has been contributed to the region over the past 3 years.

The AWNRM Board truly appreciates your professionalism and dedication to assisting in the delivery of biodiversity programs, which has included an extensive range of work such as flora and fauna, sand plot (animal track), and threatened species monitoring.

We look forward to continuing the relationship between the Friends of the Great Victoria Desert and the AWNRM Board.

Yours sincerely
