## cataloguing at Kurth Kiln, 23 & 25 - 27 July

Five international students with Parks Victoria, four from France and one from Germany, came four days to Kurth Kiln to assist with cataloguing the cultural artefacts at Kurth Kiln.

Catherine Bessant, Heritage Officer Parks Victoria, came with them on Monday 23, to explain what needs to be done. The volunteers soon picked up the idea and worked as an effective team. It was a real pleasure to watch them enjoying the work and to see the progress and achievements each day.
