

KERANG LIBRARY PAVERS 2003-2007

When the Sir John GORTON library opened 15TH August 2003, it was decided to have a paver edging to the main pathway from Shadforth Street, celebrating the past & present surnames of the area.

Below is the alphabetically indexed collection of Pioneers, Memorabilia, Families, modern personalities and a few animals to become another historical index for Kerang and district.

The pavers are not alphabetically arranged. You will have to search for your single or double paver or check with the Librarians for the numbered index.
