Index

Entries shown in bold are specifically for individual councillors. If there are entries for a surname identical to that of a councillor, a separate entry is used and the abbreviation "Cr." follows the Councillor's entry. Those entries in italics are the names of ships (S); those with quotation marks are properties. To avoid confusion between occupations/subjects and surnames, all entries beginning with a Capital letter are formal names, lower case entries are for occupations (e.g. miller versus Miller). Where there may be confusion between a surname and a place name, the surname entries are followed by (N) e.g. Brighton (N).
