AUSTRALIAN TRAVEL ADVISORY GUIDE

This guide contains a selection of travel destinations and facilities across Australia. These can be combined with a tour of capital city sights which can be identified on arrival. Many are within walking distance of city centres. Where a district has a concentration of districts, streets or localities usually close to city or town centres are named. Free travel information is generally available through numbers listed under each state or territory listing and at most major hotels and airports. **The guide is not definitive and should be supplemented by additional information before making a commitment to travel. Convenient telephone numbers (131313) and web addresses are also included.**
