

AN INVITATION FOR YOU TO BE A MENTOR TO A TERTIARY STUDENT

The Smith Family supports students from disadvantaged backgrounds to continue their studies and achieve their lifetime goals. As well as financial support, the student is given a mentor working in the same field as their study.

The role of the mentor is simply to keep contact with the student by phone, provide advice where necessary and give general encouragement. Sometimes a coffee meeting is of value. There are some gaps to be filled for the 2006 students, and **Rotarians** are invited to be involved with this rewarding experience. If you are working in any of the following areas please consider making this commitment, and could you circulate this information to your associates.

Bianca...from Bundoora...BA Science – Biotech & Biochemistry...at Melb. University Parkville
Daniell...from Shoreham...BA Science – Marine & Freshwater Biology,Zoology...at Monash Uni.
