SHREK THE THIRD

Shrek the Third

When King Harold falls ill, it is up to Shrek to find a suitable heir or he will be forced to give up his beloved swamp for the throne. Recruiting Donkey and Puss, Shrek sets out to bring back the rightful heir to the throne, Fiona's rebellious cousin Artie.

In Far Far Away, Fiona's jilted Prince Charming storms the city with an army of fairy tale villains to seize the throne. But they have a surprise in store because Fiona, together with her mother, Queen Lillian, has drafted her fellow fairy tale heroines to defend themselves.

As Shrek, Donkey and Puss work on changing Artie from a royal pain into a future king, Fiona and her band of princesses must stop Prince Charming to ensure that there will be a kingdom left to rule.
