

A0030092K Victoria

PORT PHILLIP CONSERVATION COUNCIL INC.

How Excess Width of Bitumen on Beach Road to the NE of Cromer Road, compared with that to the SW, can be removed for a 3.5 m Bicycle Road zone, with minimal vegetation pruning

The bitumen is 1 m wider on the NE side as, unlike the other Councils, Mordialloc Council had no coast-side concrete kerb.

(Actual bitumen plus present verge is from landward kerb to edge of Crown foreshore reserve)

Municipality when Beach Rd was widened from 3 to 4 lanes	Section of Beach Road	Length of Section of Beach Road (metres)	Suburb	Beach Rd House No.	Width (metres)							Area of Excess Bitumen (square metres)
					Actual bitumen (a)	Retained bitumen (b)	Excess bitumen (a-b)	Present verge (c)	Veg. to be pruned (d)	Total Width (a+c+d)	Mean retained bitumen
