

Looking at the Funny Side

In Sydney, one of the radio stations ran a competition that paid money for people to tell their most embarrassing stories. This one justifiably netted the winner \$5000.....

" I was due later in the week for an appointment with my gynecologist. Early one morning I received a call from the Doctor's office to tell me that I had been rescheduled for early that morning at 9:30 am. I had only just packed everyone off to work and school and it was already 8:45 am. The trip to his office took about 35 minutes, so I didn't have any time to spare. As most women do, I like to take a little extra effort over hygiene when making such visits, but this time I wasn't going to be able to make the full effort. I rushed upstairs, threw off my dressing gown, wet the washcloth sitting next to the sink and gave myself a quick wash in "that area" to make

sure I was at least presentable. I threw the wash cloth in the clothes basket, put on some clothes, hopped in the car and raced to my appointment. I was in the waiting room only a few minutes when I was called in. Knowing the procedure, as I'm sure you do, I hopped on to the table, looked over at the other side of the room and pretended I was in Paris. I was a little surprised when the Doctor said " My, we have made an extra effort this morning haven't we ?" I didn't respond and when it was over I heaved a sigh of relief and went home. The rest of the day was normal, some shopping, cleaning, cooking etc.

After school, while my 6 year old was playing, she called out from the bathroom, "Mum where is my washcloth?" I told her to get another one from the cupboard. She replied" No, I need the one that was here by the sink, it had all my glitter and sparkles in it"

1. It is important to find a man who works around the house, occasionally cooks and cleans and who has a job.
2. It is important to find a man who is dependable and doesn't lie.
3. It is important to find a man who makes you laugh.
4. It is important to find a man who is good in bed and who loves to make love to you.
5. It is important that these four men never meet.

On average a woman will speak 7,000 words in a day while a man will only speak 2,000 words in the same time period.

And Finally..... " The Value of Undies"

Be careful what you wear (or don't wear) when working under your vehicle.....especially in public.

From the Sydney Morning Herald comes this story of a couple who drove their car to K-Mart only to have it breakdown in the parking lot. The man told his wife to carry on with her shopping while he fixed the car there in the lot.

The wife returned later to see a small group of people near the car. On closer inspection, she saw a pair of male legs protruding from under the chassis. Although the man was in shorts, his lack of underpants turned private parts into very

public ones.

Unable to stand the embarrassment she dutifully stepped forward, quickly put her hands UP his shorts and tucked everything back in place.

On regaining her feet, she looked across the hood and found herself staring at her husband who was standing idly by.

The mechanic, however, had to have three stitches in his head.....
